
Welcome to July! Summer is officially here. Our new School Year is starting July 1st. We want to *WELCOME* our new Families that are joining our Discovery Isle Family this year and *THANK YOU* to our loyal Families that are returning for another fun & educational year.
We send a bittersweet *GOOD-BYE* to our Graduates. It was AMAZING for us to watch you grow and learn. There is no limit to what you can achieve! *"Kid, you'll move mountains." - Dr. Seuss.*

HOT, HOT, HOT! That is what it will be this Summer. If you have not done so already, Please remember to bring in ***SUNSCREEN* for your child. Sunscreen forms are available in the classrooms and at the Front Desk. We can not apply sunscreen without a current sunscreen form filled out. Please remember to bring your child to school with their 1st layer of sunscreen already applied. We will re-apply before they go outside in the afternoon.**

Save The Cubbies!

We have noticed that some of the children's cubbies have become a little over-stuffed. Please remember that the only things that should be in your child's cubbie is:

a small blanket for nap
a full change of clothes in case of accidents
a small, soft comfort item for nap
Please try to refrain from bringing toys from home except on special occations*
