## January Review!

We can't believe that a month has already gone by in 2018!

January was a fun month!  
Our Infant/toddler program got new grass on their playground.

The beginner program has grown so much that now Rm 3, 4 and 5 are homes for our beginner program.

Our intermediates had a blast with all of their farm themed activities!

Pre-K got to spend some time learning all about Artic Animals and environments and our Kindergarteners celebrated Dr. King's birthday and learned all about Unity!

Congratulations to Miss Trina in our Infant Center!  
She celebrated 16 years with Discovery Isle in January! Thank you for your years of commitment!

## Valentine's Day at Discovery Isle

We are excited to be celebrating Valentine's Day here at Discovery Isle! Each classroom will be hosting their own Valentine's Party. Please see your child's classroom for more details!
