What's Happening Under the Sea?

May came and went with a quickness. We had a great celebration for Teacher Appreciation Week, thanks to all of the families that joined in our festivities. Our teachers extend their "thank you" for all of the support and appreciation they receive from you everyday!

The summer months are almost here! We have a calendar full of fun summer activities planned.

Your calendars will be going home later this month. Keep an eye out in your child's mailbox for

our summer calendar full of fun events and activities.

Discovery Isle is the place to be for the ultimate summer experience!

We will be moving everyone to their new classrooms between July and August. Due to the schedule of our Links to Learning Curriculum, children need to remain in their current classrooms to complete their curriculum before moving "up."

If you have any questions about the transition, please let me know!

Note from the Principal

Please remember to check your child in before you take them to class, and then pick them up from class before signing them out at the end of the day. It is a safety precaution to make sure you are not signing them out early, before you grab them from class. Thank you for your help with making this a success!

Our summer calendars start next month!

We have a lot of fun activities planned for the summer.

I wanted to take this opportunity to remind families that splash days require specific clothing items in order for your child to fully participate. Below are a list of items that you may want to start collecting for July & August:

-Water Shoes: Each child must have a separate pair of shoes to wear in the water. They are required to have an ankle strap, for safety reasons.

-Towel: Each child will need a beach towel to use for drying off after playing in the water.

-Bathing suit: Each child will be required to wear a bathing suit in the water, as well as have a dry change of clothes for afterwards.

-Swim Diaper: Room 2 requires swim diapers for their children who are in the process of being potty trained, or who are still wearing diapers. These are very important to have on hand!

Keeping a special "Splash Day Backpack" on hand will help keep your items together and ready to go each week!

~Center Closed~

Just a reminder that the center will be closed

Friday, June 29th

for our Annual Cleaning Day.

This day is an opportunity for the staff to prepare their classrooms for the next school year. Although our center is kept clean regularly, our teachers spend this day cleaning their classrooms from the baseboards to the ceiling and everything in between!

The center will also be closed
Wednesday, July 4th.

Please mark your calendars.
And we hope you all have a safe
Holiday!

(The photographer does offer a 100% money back guarantee- He will refund your money if you are not happy for any reason. Pictures will be available by graduation.)

Emergency Lunches

Do you ever have a morning where you can't seem to get everything together that you need?
Is your child's lunch a forgotten item? We have emergency lunches that you can take advantage of.

For the cost of \$5.00 per lunch your child will receive a well balanced meal that will include
a main course, vegetable, fruit, and a drink.

Please be prepared to pay for your child's lunch that day.

Having your lunch bill grow will add up quickly!

Also, if you are arriving to school late– please call the school by 10:30 to order your lunch.

We start making lunches at 10:45 a.m. By calling ahead, it will guarantee your child will receive
what is on the menu that day...thank you!

**PLEASE
ALWAYS BE
SURE
TO TELL THE
FRONT OFFICE
IF YOUR CHILD
NEEDS LUNCH.**

THANK YOU!

Home Made Bubble and Bubble Blower

How To Make It

Instructions for Bubbles:

1. Mix all 3 ingredients together. Don't stir or shake too much.

Store in a sealed container. Lasts forever (we've always used it up without ever having any trouble with it going bad).

Instructions for the Bubble Blower:

1. Tape the holder to the straw.
2. Pour bubbles into bowl or pan.
3. Dip into bubbles and twirl around. Makes LOTS of BIG bubbles.

You can cut the pop can holder ring thing into two 2's (the middle 2 will be wasted) and make two.
