## Back to School

### *Classroom reminders*

\*We encourage children to eat a healthy breakfast at home to get their day started.

\*School snack is provided to students during an allotted time. For safety reasons, we cannot offer snack during playground times. If you would like your child to partake in snack time, please drop them off in their classroom with enough time to enjoy a little snack (see classroom schedule).

\* All of your child's belongings should fit nicely in their personal cubby. Toddler sized sheets and blankets work best. Please label **every item** with your child's name. This includes water bottles, lunch boxes, food containers, sheets, blankets, etc. Many items are bought at the same stores, and are often taken home by another family. It is the parent's responsibility to make sure their child's belongings are labeled.

\* To keep the germs at bay, we request that every nap-time item (sheets, blankets, lovies, etc.) and water bottles are taken home and washed every week. Healthy kids are Happy kids!

\* If you walk in to class during circle time, please enter quietly so that learning time is not interrupted for the other students.

\* We encourage you to build a comfortable relationship with your child's teachers, as they are the ones who care for your child throughout the day. As always, the Administrative staff is here to help out if needed. We look forward to another year filled with positivity and collaboration!
