# Murrieta Maritime

## December 2021

### What's Happening Under the Sea?

Can you believe it is December already?

We hope that you all had a wonderful and safe Thanksgiving with your loved ones. As the winter holidays approach, we have many special activities planned for our students and look forward to spending the season with them. Keep an eye out for additional information in the front office.

On behalf of the entire Discovery Isle Preschool staff,  
we would like to wish you and your family a safe  
and happy holiday season!

Ashley Kerr, Principal

We will be teaming up with Scholastic Pajama Drive and collecting new, unwrapped pajamas. Each pair donated, Scholastic will donate a new book also. Our drop box will be located in the front office from December 6th to 10th.

We appreciate your generosity this holiday season.  
Thank you!

# Holiday Calendars

We have an exciting month filled with fantastic activities! We will be writing letters to Santa, trimming our school tree, drinking “not so hot” hot chocolate and much, much more! Calendars will go home in your child’s mailbox, as well as via email!

**Please remember that our events occur at various times of the morning.  
To ensure that your child is able to participate,  
we encourage that they arrive by 9 a.m.**

---

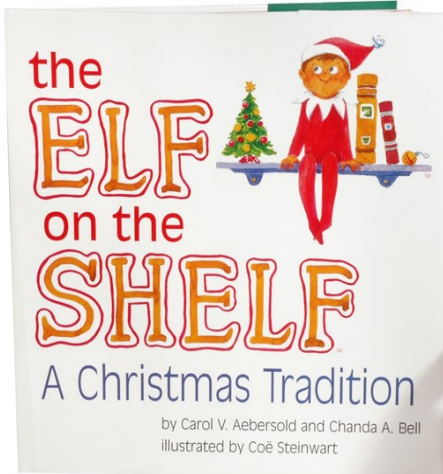

### **A Big Thanks**

Thank you for your donations to our canned food drive. We are so thankful for your generosity and was able to donate 600 lbs of food to help those in need. Thank you for helping us teach your children about the importance of caring and giving back to others.

### **Love Our School? Review Us!**

In today’s connected world, many families turn to online reviews to learn more about the reputation of schools. Just a reminder that you can find our school on Facebook, Google, Yelp and other online directories. We’d love more families like yours, so please consider spreading the word about our school.

---

We will have a special visitor with us this month. Our Elf will be visiting and reporting back to “The Big Guy” about all of the exciting things that are going on around Discovery Isle!

For those of you that don’t know– the Elf on the Shelf tends to be quite mischievous! You never know what types of things he may do each night while we are away.

P.S. Don’t forget to check out what our elf is up to each day! You never know where he may pop up!

# 10 Low-Cost Activities To Do With The Kids

1)Go to the library - Most libraries have story times for children once a week. Take advantage of their free events like concerts, art and crafts classes and science shows. Most libraries also have computers available so the kids can try out different software. Call your local library for a list of events.

2)Walk, Walk, Walk - Load the babies in the stroller, put the little kids on the bikes, get the teenagers off the couch and go out and walk. Not only will you and your children be getting exercise but also it is a good way for the kids to relax and talk to you about what's going on in their lives. A great stress reliever.

3)Check out your Local Community Center - Community Centers offer a wide variety of classes from swimming to karate, from dance to calligraphy. Community Centers offer classes at an already low price but most have "scholarships" for families and students which will reduce or eliminate class fees.

4)Picnic in the Park - Pack a picnic lunch and head for a park with a playground. The smaller kids will keep busy on the swings and ladders while the older kids can bring a Frisbee or soccer ball to play with. Plop down a blanket for the kids, bring a lawn chair and book for yourself, and let the kids wear themselves out.

5)Community events - Zoos and children's museums usually have reduced and/or free days for children. Plays and symphonies often have free performances during dress rehearsals. Pick up a free parenting "throw away" paper usually found at libraries, community centers and schools. These papers are a good source of free events in your community.

6)Movie night - Rent a couple of movies or, better yet, most libraries will let you check out videos for free. Have everyone put on their pajamas, pop popcorn and bring out the blankets to cozy up with.

7)Game night - Turn off the TV, turn on the radio and bring out the games from the closet. Play a different game each week. Check out a card game book at the library and learn to play different card games.

8)Go to church - Find a church that fits your philosophy and beliefs. When you find a good match for your family look into the events that they have. Some of the larger churches have support groups, camps for the kids (often offering scholarships), picnics and other events. A nice tradition to start in your family.

9)Garden - From the littlest to the teenagers, everyone can help with the garden. Have the kids decide on their own flowers and vegetables to plant. Easy to grow plants include sunflowers and geraniums. If you don't have room for a garden, grow container plants on your deck or start an herb garden on your windowsill. Have the kids water and fertilize their plants regularly. Not only will this teach them responsibility but they'll take pride in watching their plant grow from seed to flower.

## Napkin Ringlets

### What you need:

Pencil  
Colored Card Stock  
Scissors  
White Glue  
Glitter  
Green Paper Napkins  
Clear Tape

Using a large drinking glass, trace a circle on the card stock, then cut it out. Starting about 1/4 inch in, begin cutting a spiral. When you reach the center, leave a small circle. From another piece of card stock, cut out a star and decorate it with glued-on glitter. Glue the star onto the center of your spiral. Roll your napkin into a cone (the tree) and tape it to secure. Pull your spiral apart and place over the napkin, cutting off any excess spiral. To make your trees stand tall, put them over your drinking glasses when you set the table.

## Magic Reindeer Food

### You will need:

1/2 cup Oatmeal  
Glitter  
Small plastic bag  
Heavy construction paper  
Markers

### How To Make It:

1. Mix the oatmeal and glitter then put it into a small plastic bag.
2. Cut a 2" x 4 1/2 inch rectangle from the construction paper.
3. On the paper write this poem:

*On Christmas Eve, sprinkle the Magic Reindeer Food on your lawn.  
The Magic Glitter sparkling in the moonlight and the smell of the oats  
will guide the reindeer to your house!*

4. Attach the poem to the plastic bag.
